

OZZ RL1

An E-approved, ultra-slim reverising light which delivers an impressive 1207 actual lumens, ensuring maximum visibility during nighttime and low-light conditions. With a performance of 1 lux at 30 meters, you can trust this light to provide clear and reliable illumination exactly where you need it. Designed with a flood beam pattern, the OZZ RL1 reversing light spreads light evenly near your vehicle, enhancing your ability to see obstacles and navigate tight spaces with ease. Its ultra-slim design not only adds a sleek look to your vehicle but also ensures a seamless fit, making installation a breeze. OZZ RL1 - Perfect for you who demand both functionality and style.
