

Specifications

Article number	SL6-1384A
Voltage range	12-24 Volt
Dimensions	1383.6 x 220 x 41.2mm
Height incl. bracket	88.4mm
Width of bracket	255.2mm
Mainboard dimensions	89.5 x 99.5 x 23.7mm
Light colour	Amber
LED modules	22 modules
Number of flash patterns	62
IP value	IP69K
Certificates	CE, ECE R10, ECE R65 TA2

Controller	Exclusive (Recommended controller: SL6-CTRL)
Traffic advisors	Including
Search light / work light	Including (front, rear, side)
Rear light modules	Including (rear brake/indicator)
Cruise mode	Including
Dimming function	Including
Work temperature	-30°C to 70°C
Lens material	Polycarbonate
Housing material	Aluminium
Warranties	2 years

Mainboard connection
